

irr::IReferenceCounted

irr::IReferenceCounted

irr::scene::ISceneCollisionManager

```
classDiagram
    irr::scene::ISceneCollisionManager --|> irr::IReferenceCounted
```

The diagram illustrates an inheritance relationship. At the top, two identical boxes represent the `irr::IReferenceCounted` class, separated by a vertical dashed line. Below these, a single box represents the `irr::scene::ISceneCollisionManager` class. A horizontal line with upward-pointing arrows at both ends connects the bottom of the two top boxes to the top of the bottom box, indicating that `irr::scene::ISceneCollisionManager` inherits from `irr::IReferenceCounted`.
