

irr::IReferenceCounted

irr::IReferenceCounted

irr::scene::ILightManager

```
classDiagram
    irr::IReferenceCounted <|-- irr::scene::ILightManager
```

The diagram illustrates an inheritance relationship. At the top, there are two identical boxes, each containing the text 'irr::IReferenceCounted'. Below these, centered, is a box containing the text 'irr::scene::ILightManager'. A horizontal line connects the bottom of the two top boxes. From the center of this line, a vertical line descends to the top of the bottom box. From the point where the vertical line meets the bottom box, two arrows point upwards and outwards, each directed towards the bottom of one of the top boxes. This is a standard UML notation for inheritance.
